**Listed below are the Questions received regarding AD9-010-A1 and the Responses to those questions.**

1. Budget Narrative, page 114 of 140: The budget narrative has a line item, item 14.0, for a performance bond, but nowhere in the RFP is there a requirement that the contractor provide a performance bond.  
 Question 1. Will the contractor be required to provide a performance bond?  
 Question 2. If a performance bond is required, in what amount will the bond be required?  
**Answer: Please refer to Amendment Two (1), Section Special Terms and Conditions, page 30 of AD9-010-A2 for changes made.**
2. Special Instructions Section 1.2, page 19 of 140: Can a contractor use Microsoft Excel in preparing the pricing (Fee Schedules and Budget Narrative) so long as the form format remains the same?  
**Answer: Yes, Excel is a Microsoft Product.**
3. Section 2.13.7.4.3, page 78 of 140: This section states that the classes shall be conducted by the facility operator's substance abuse treatment provider. The classes referenced, Life Skills and Release Preparation, are not customarily provided by a substance abuse treatment provider unless the facility's population is specifically a substance abuse population. Can other facility staff provide the classes so long as the contractor can demonstrate compliance with the expectations of the ADC?  
**Answer: Please refer to Amendment Two (1), Section Scope of Work, page 79 of AD9-010-A2 for changes made.**
4. Section 2.14.12, page 93 of 140: In the answers to the questions, it was stated that the health services staffing in this section represented the minimum staffing for 1,000 and 2,000 beds. If a contractor is offering an expansion of an existing facility that will total more than 2,000 beds at the facility, can an existing health services staff compliment count against the required minimum health staff compliment, e.g., do you need more than 1 health services administrator or do you need more than one director of nursing?  
**Answer: Please refer to Amendment Two (1), Section Scope of Work, page 94 of AD9-010-A2 for changes made.**
